OAK STRIP FLOORING

Figures in the Appalachian and Southern area columns are estimates of manufacturers' **predominant** prices for unfinished Oak strip flooring; prices in the other column are estimates of **prevailing industry ranges** of manufacturers' prices. Variations in prices are due, in part, to differences in freight, the nature of markets, volumes ordered and shipped, etc. Prices are for truckload quantities graded in accordance with rules or comparable standards set forth by NOFMA. **Prices are in US Dollars per square foot (SF) and are net of dealer discount fees and commissions.** Figures in bold print signify price changes. Prices in **Hardwood Market Report** are presented only as a guide. See statement on back page.

If you would like to participate in HMR's pricing surveys, please contact tony.burbeck@fastmarkets.com to get started. All information is kept confidential and is vital to accurate reporting. © 2026 Hardwood Market Report
